Important Information

All hikes take place mainly on marked trails and paths, partly also in alpine terrain. No particular technical difficulties are expected (see individual hike descriptions).

A good basic level of fitness, endurance, sure-footedness and a healthy physical condition are required for participation.

Appropriate equipment is required: sturdy hiking boots (preferably ankle-high) and weather-appropriate clothing. Hiking poles are recommended. The maximum altitude reached is approx. 2,200 m.

The hiking guide is responsible for organisation and route guidance, but not for the personal safety of participants. Participants who leave the group do so at their own risk.
